

the rennshorts

for our second drop, we brought the nostalgia denim light back and introduced the rennshorts, 12oz green corduroy shorts. if the fit looks familiar, it should. the fatik shorts a year later fit almost exactly like them.

the rennshorts never came back after this release. photos of them still live on the kr•hu pinterest.

the combination made the second release a meeting of two stages of our catalog: a familiar denim pair returning, and a new short entering the lineup. the green corduroy gave the rennshorts their own material and color identity without giving the release a collection name. we kept the focus on the individual pieces.

the rennshorts also provide an earlier point of reference for the fatik shorts. the later pair took a different direction through fatigue-style pockets and orange and black colorways, while retaining a closely related fit. viewed together, the two releases show how a proportion can reappear in a different product. the original rennshorts remain part of our archive rather than a recurring restock.

about us

we're a clothing brand based in orlando, florida. we started in june 2024 with nostalgia denim and a pack of pins, then built our catalog through named collections, new colorways and returning pieces. we make nostalgia denim, flagship hoodies, rennsweats, flannels, thistle tees and shorts. our interest in cars runs through the stories behind our clothes, from our first pin pack to the name tart.2 and the green rennsweat. you can find those stories in our press index, and read about our events and the people around us on the log.
